

# FAZE 1050 FT

PRODUCT CODE RO-10090023

This versatile FAZE 1050 FT is the result of an evolution of a fog machine and a haze machine. The Faze 1050 FT has the best features of both machines without compromises. The faze boasts a fine, dry haze effect near perfection for lighting. It is equipped with a range of sophisticated features which include a high precision PCB design; aluminium cast heater, a silent heavy-duty pump and controllable twin fans. Precise fan control is achieved by 3 adjustable levels with DMX on-board. DMX connection can be worked by either 3 or 5 pin connector.

Silence is golden in some particular environment thus FAZE 1050 FT is equipped with the quietest pump allowing for virtually silent operation, making the machine ideal for use at noise-sensitive events. A perfect haze of fine particles is easily achieved with minimal residue, ensuring long-term reliability of the sensitive lighting equipment.

No doubt FAZE 1050 FT has become the machine of choice for stage and studio professionals worldwide.

## ITEM SPECIFICATION

Power	AC 100, 120, 230, 240 V, 50~60 Hz
Heater	1000W
Output	3,500 cu.ft/min
First Heat up Time	10 min
Fluid Consumption Rate	45 min/litre (100% output), 120 min/litre (30% output)
Tank Capacity	2.4ltr
Low Fluid Indicator	Blue LED
Remote Included	Timer Control Module
Weight	18kg
Dimensions	635 x 275 x 281 mm
Fluid used	Stage Formula Smoke Fluid or Global Mix Smoke Fluid
DMX Channel Occupied	2 Channels (one for fog output, one for fan output)
